That's the fabulous fun of rail travel, where everything comes together in a theatre-like performance. On board, the stage is set as the backdrop whistles by. Familiar and friendly service leads the way, with every moment another glorious memory in this spectacular show – the food, the cabins, the lounge carriage, the friends you make, the Off Train Experiences, the sunrises and sunsets, did we mention the food? It's a journey of truly epic proportions and it's made easy with Journey Beyond.

ALICE SPRINGS Telegraph Station

Telegraph Station, Alice Springs, NT

The Alice Springs Telegraph Station Historical Reserve marks the original site of the first European settlement in Alice Springs. Established in 1871 to relay messages between Darwin and Adelaide along the Overland Telegraph Line which connected Australia's population centres with the north of the country and Britain using the undersea telegraph network. Before the telegraph line was built, a message to England would have to travel by boat, taking 3-4 months each way. After the telegraph line was built, morse code messages could reach London in as little as 5 hours – slow by today's standards, but revolutionary for people of the 19th century.

THE HISTORIC MUSEUM

Guided Tours through the heritage museum and precinct are great ways for your clients to immerse themselves in the history of the Telegraph Station, the origins of Alice Springs as a town and the Stolen Generation of the Bungalow era of the 1930s. Learn about the back story, and inner workings of the original Telegraph Station and Post Office, as well as experience a working display of Meidinger batteries – replicas of those that powered the Overland Telegraph Line back in the 1870s – which is unique in the southern hemisphere.

THE TRAIL STATION CAFÉ

The Trail Station Cafe is nestled along the vibrant Alice Springs Trail, next to the historic Alice Springs Telegraph Station. Offering all your on the go needs with freshly brewed coffee, toasted croissants, gourmet sandwiches, ice-creams and a tempting selection of cakes to choose from. Whether you're planning a picnic on the grassy lawns, walking one of the marked trails or tackling the terrain on bike – the Trail Station Café is the ideal stop for adventurers and explorers alike.

Here, the mostly uninhabited islands are characterised by national parks, hiking trails and white sandy beaches.

Cruise Whitsundays is the region's largest and most experienced marine operator. We offer guests a range of day cruises and island resort connections. Cruises visit the Great Barrier Reef, Whitehaven Beach and islands, with unique overnight experiences also available including Australia's first underwater accommodation, 'Reefsuites'.

Resort Connections provide services between the islands and the Whitsunday Coast to link with the airports' arrivals and departures. Tours depart from Port of Airlie in Airlie Beach, Daydream Island and Hamilton Island.

Rottnest Island, WA

A touch of paradise, Rottnest Island sits just offshore from the city of Perth, in Western Australia. A protected nature reserve, it's famous for being home to the quokka, a small wallaby-like marsupial. Docking in Thomson Bay, the main hub and ferry port, your clients spoilt for choice. Stay close by or explore even more white-sand beaches, as well as secluded coves like The Basin, with its inviting shallow waters. Whether our guests want to dive, snorkel, swim or surf, there is more than one ideal spot. Strickland Bay is known for its surf breaks, while reef breaks occur at Radar Reef, off the island's far western tip.

Rottnest Express is the island's largest and most experienced ferry company. For more than 60 years we have operated daily year-round ferry services from Perth and Fremantle to Rottnest Island, offering a reliable and trusted service.

We provide an extensive range of both guided and self-guided day tour packages. These provide complimentary morning transfers from selected hotels in Perth, a variety of on-island activities, as well as an array of lunch options (not included in the tour price).

Our Rottnest Express fleet boasts four high-speed, ocean-going ferries. These have been specifically designed for the local sea conditions and are widely known for their smooth, fast and safe crossings. Snacks and beverages are available for purchase on board.

Ferries depart from B Shed and Northport terminals in Fremantle, also Elizabeth Quay in Perth city. Perth departures include a fully commentated Swan River cruise.

When to Visit

SEPTEMBER–APRIL

Most popular time to visit the island for swimming, snorkelling and other outdoor pursuits. Whales can often be spotted from September to mid-November.

MAY–AUGUST

Temperatures are still fairly mild in winter. Winter on the island is drier and often a few degrees warmer than it is on the mainland.

SAL SALIS

NINGALOO REEF

Sal Salis, Ningaloo Reef, WA

Nestled on the coast, where the outback meets crystal coral waters is where you'll find Sal Salis, a unique setting from which to explore Western Australia's Ningaloo Reef. With just 15 eco-luxury wilderness tents, and a honeymoon tent, hidden amongst the dunes, there is no better way to experience one of Australia's best kept natural secrets.

Open from March to mid-November, the camp lies amongst the dunes, with the coral reef and its marine inhabitants just a few metres offshore. Ningaloo is acknowledged as one of the best places in the world to swim with the world's largest fish, the whale shark, as these gentle giants migrate through here every year. These waters also are visited by humpback whales, another highlight for guests. The coastal dunes and gorges, in the Cape Range National Park, attract land dwellers as well, with red kangaroos, wallaroos, echidnas, emus and more seen in and around the camp.

Getting Here

BY AIR

Qantas fly to Exmouth (Learmonth) with connections from most capital cities. Air and road transfers are available from RAAF Learmonth Airport (LEA) and must be pre-booked.

BY ROAD

The drive from Perth can take up to 13 hours. Also please note that there is a 'no drive after dark' policy, within the Cape Range National Park, due to the high number of animals on the road during this time. The drive from RAAF Learmonth Airport (LEA) is 90 minutes and from Exmouth town one hour.

INCLUSIONS

- Accommodation with eco ensuite bathroom
- All-inclusive chef prepared meals and snacks
- Self-service bar featuring local beer, wine and spirits
- National Park entrance fees
- Guided wilderness activities such as sea kayaking and snorkelling on Ningaloo Reef and walks in the Cape Range National Park

TOURS & EXPERIENCES

GUIDED GORGE WALKS

Early morning walks into the Cape Range National Park provide a rugged and beautiful contrast to the reef and beach activities.

Guided walks usually depart before sunrise, while temperatures are cooler, and take in both Mandu Mandu and Yardie Creek Gorges. Keep an eye out for land mammals including red kangaroos, echidna and black-footed rock wallabies. Emus are also frequently sighted.

SEA KAYAKING

Guided forays across the reef reveal an array of colourful residents including fish, sea turtles, reef sharks, rays and corals.

Kayaks are the perfect vessel and your clients will be shown how to safely navigate the reef without impacting the ecosystem. Our guided kayak-snorkel tours go further offshore and drop anchor in the sand to explore the deeper lagoons. In Ningaloo Reef these are among the best snorkelling spots with soft corals, sponges, wobbecong sharks and marine fish galore. Also between August and October, and only metres from the reef, humpback whales migrating along this coast really are something to see.

SWIM WITH THE WORLD'S LARGEST FISH

Each year between mid-March and August these slow-moving, gentle, filter-feeding giants migrate past Ningaloo Reef.

Sal Salis offers whale shark swims with select local partners for an additional cost. This needs to be pre-booked as the boats do fill up months in advance.

The whale shark experience begins with a transfer to Tantabiddi Boat Ramp (about 25 minutes' drive) our clients will meet their experienced crew and enjoy morning tea as they motor out into the Indian Ocean, aided by a spotter aircraft that relays sightings back to the skipper. The crew will help them get kitted out with the proper equipment and provide a thorough briefing.

During the course of the day our crew will also keep an eye out for turtles, dolphins, dugongs, rays and sea birds for an additional viewing pleasure. Plus there is usually time for a back of the reef snorkel. To enhance the experience even more, a delicious lunch is provided featuring fresh Western Australian produce.

When to Visit

MAY–OCTOBER

Dry season, with its clear skies, balmy nights and warm days, is the most popular time to visit the Top End. The temperature drops to a relatively cool 25 degrees on the harbour. For those who struggle with humidity, the dry season offers more comfort.

NOVEMBER–APRIL

The wet season brings hot and humid weather, lush greenery and bursts of rainfall. The Charles Darwin offers two air-conditioned levels, which are a great option in these warmer months.
