TOURS & EXPERIENCES

GUIDED GORGE WALKS

Early morning walks into the Cape Range National Park provide a rugged and beautiful contrast to the reef and beach activities.

Guided walks usually depart before sunrise, while temperatures are cooler, and take in both Mandu Mandu and Yardie Creek Gorges. Keep an eye out for land mammals including red kangaroos, echidna and black-footed rock wallabies. Emus are also frequently sighted.

SEA KAYAKING

Guided forays across the reef reveal an array of colourful residents including fish, sea turtles, reef sharks, rays and corals.

Kayaks are the perfect vessel and you will be shown how to safely navigate the reef without impacting the ecosystem. Our guided kayak-snorkel tours go further offshore and drop anchor in the sand to explore the deeper lagoons. In Ningaloo Reef these are among the best snorkelling spots with soft corals, sponges, wobbecong sharks and marine fish galore. Also between August and October, and only metres from the reef, humpback whales migrating along this coast really are something to see.

Wilderness Tent, Sal Salis

SWIM WITH THE WORLD'S LARGEST FISH

Each year between mid-March and August these slow-moving, gentle, filter-feeding giants migrate past Ningaloo Reef.

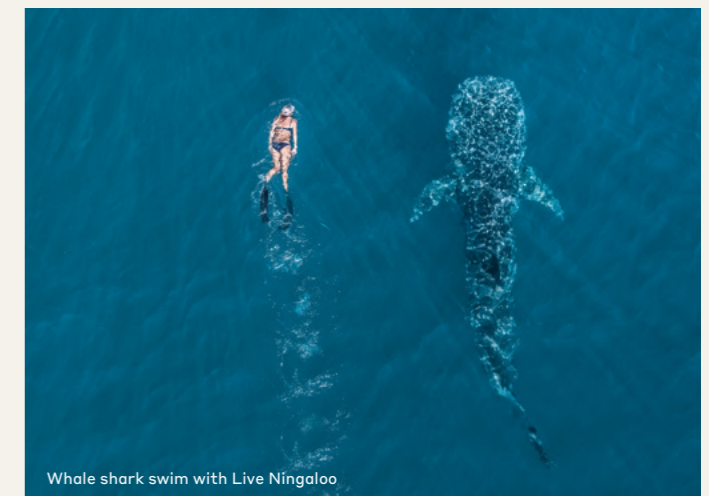

Sal Salis offers whale shark swims with select local partners for an additional cost. This needs to be pre-booked as the boats do fill up months in advance.

Your whale shark experience begins with a transfer to Tantabiddi Boat Ramp (about 25 minutes' drive) where you will meet your experienced crew. Morning tea is usually served as you motor out into the Indian Ocean, aided by a spotter aircraft that relays sightings back to the skipper. The crew will help you get kitted out with the proper equipment and provide a thorough briefing.

During the course of the day your crew will also keep an eye out for turtles, dolphins, dugongs, rays and sea birds for your viewing pleasure. Plus there is usually time for a back of the reef snorkel. To enhance the experience even more, a delicious lunch is provided featuring fresh Western Australian produce.

In the turquoise waters of Talbot Bay, the Horizontal Falls was described by naturalist David Attenborough as “one of the greatest wonders of the natural world”.

Guests can appreciate Horizontal Falls from the air with a scenic flight on our half day or full day tours from Broome, Derby or Cygnet Bay, and cruise tranquil waters as you're guided through the falls by boat. City Experiences

A touch of paradise, Rottnest Island sits just offshore from the city of Perth, in Western Australia. A protected nature reserve, it's famous for being home to the quokka, a small wallaby-like marsupial. Docking in Thomson Bay, the main hub and ferry port, you're spoilt for choice. Stay close by or explore even more white-sand beaches, as well as secluded coves like The Basin, with its inviting shallow waters. Whether you want to dive, snorkel, swim or surf, there is more than one ideal spot. Strickland Bay is known for its surf breaks, while reef breaks occur at Radar Reef, off the island's far western tip.

Rottnest Express is the island's largest and most experienced ferry company. For more than 60 years we have operated daily year-round ferry services from Perth and Fremantle to Rottnest Island, offering a reliable and trusted service.

We provide an extensive range of both guided and self-guided day tour packages. These provide complimentary morning transfers from selected hotels in Perth, a variety of on-island activities, as well as an array of lunch options (not included in the tour price).

Our Rottnest Express fleet boasts four high-speed, ocean-going ferries. These have been specifically designed for the local sea conditions and are widely known for their smooth, fast and safe crossings. Snacks and beverages are available for purchase on board.

Ferries depart from B Shed and Northport terminals in Fremantle, also Elizabeth Quay in Perth city. Perth departures include a fully commented Swan River cruise.

ALICE SPRINGS Telegraph Station

Telegraph Station, Alice Springs, NT

The Alice Springs Telegraph Station Historical Reserve marks the original site of the first European settlement in Alice Springs. Established in 1871 to relay messages between Darwin and Adelaide along the Overland Telegraph Line which connected Australia's population centres with the north of the country and Britain using the undersea telegraph network. Before the telegraph line was built, a message to England would have to travel by boat, taking 3-4 months each way. After the telegraph line was built, morse code messages could reach London in as little as 5 hours – slow by today's standards, but revolutionary for people of the 19th century.

THE HISTORIC MUSEUM

Guided Tours through the heritage museum and precinct are a great way to immerse yourself in the history of the Telegraph Station, the origins of Alice Springs as a town and the Stolen Generation of the Bungalow era of the 1930s. Learn about the back story, and inner workings of the original Telegraph Station and Post Office, as well as experience a working display of Meidinger batteries – replicas of those that powered the Overland Telegraph Line back in the 1870s – which is unique in the southern hemisphere.

FROM \$16.10 PER ADULT*

*Price valid for one adult entry, for travel in 2024. Further terms and conditions may apply.

THE TRAIL STATION CAFÉ

The Trail Station Cafe is nestled along the vibrant Alice Springs Trail, next to the historic Alice Springs Telegraph Station. Offering all your on the go needs with freshly brewed coffee, toasted croissants, gourmet sandwiches, ice-creams and a tempting selection of cakes to choose from. Whether you're planning a picnic on the grassy lawns, walking one of the marked trails or tackling the terrain on bike – the Trail Station Café is the ideal stop for adventurers and explorers alike.
